- **No-Meal Plan:** cost \$0, excludes you from eating in any of our dining venues

FAQs:

Are the spots level?

For the most part, yes. There is a slight slope to the east for drainage.

Is there Wi-Fi or Cable?

Currently, there is Wi-Fi in the RV lot but not Cable. A television is available in the Suds building, just across the street from the park.

What type of jacks/blocks might be needed?

Standard blocks for RV anchoring are sufficient.

Can non-employee family or significant others live in the RV?

Yes. Employees can host up to three additional guests. Employees are responsible for their guests' conduct (see conduct agreement). Please note that non-employees are not permitted in any of our housing spaces, like the dining facilities to eat, rec room, gym, etc.

Can I grill or have a campsite out by my RV?

Because of Healy's windy and dry climate, we do not allow campfires or outdoor grilling in any of our housing facilities.

Are pets allowed in the RV Park?

Yes. Employees can have a dog, cat or animal contained in an aquarium or cage in their RV in the RV Park. The employee is responsible for their animals' conduct and for cleaning up after them immediately (see pet agreement).

Can I put out a table and chairs?

While space is limited, you may put out a table and chairs to use. Be aware that the wind in Healy can be pretty extreme, so you will want to plan to put these away on particularly blustery days.

Is smoking allowed in the RV Park?

Smoking is allowed in designated areas. There are three designated smoking areas throughout the housing facilities.
